

The Cross Has Won

Verse

Your love is taking over me, over me
Broke me from my chains and set me free
Mercy came and died for me, died for me
Now I stand in grace and have been redeemed

Verse 2

Your breathing in new life in me, life in me
Taking all my shame and my fears released
You're the only one for me, one for me
Your victory's alive and it reigns in me

Chorus

The cross has won
Death overcome
We are free
In Jesus' name
We stand and we say
We are free
